

## Sony Walkman & Apple iPod Interfaces

...connecting to the aftermarket

Connects 2 have developed interfaces to allow a Sony Walkman or an Apple iPod to connect to either a Sony head unit or to a whole range of original head units. The interface allows searching of album, artist, track, with scrolling text on compatible head units. The iPod or Walkman can be controlled by the head unit, steering wheel controls or a Sony infra-red remote.

### Benefits

- ◆ Universal, suits all vehicles, old & new
- ◆ Track, artist or album folder search
- ◆ Text display & scroll capable
- ◆ Adjust volume
- ◆ Cradle for dashboard or glove-box
- ◆ Fingertip operation from steering wheel controls or Sony remote
